Dear Sir:

I am giving out leaflets from The Patrick Henry League. I will enclose one. People say they are put out by the communists. I checked with the president and he said he was a Catholic and I know from what they say in these pamphlets that it isn't Communist as I have read many HUAC reports and your book "Masters of Deceit" and material Congressman Walters sent me. You get so you recognize names and what they stand for. I would also like to check the John Birch society. They put out some pretty strong stuff in The American Opinion magazine. I have heard of Alfred Kohlberg and Clarence Manion as great fighters against communism and of course know Mr. Adolphe Menjou as a fine gentleman. I have seen him on TV out here. I don't want to support anything that isn't for America and I don't know how I can check these organizations.

Our Mental Health program is principally financed from the three-billion dollar budget of the Department of Health, Education, and Welfare (DHEW). What are the purposes of the Mental Health program and its champions? "By their works you shall know them." The aims are to turn America Freudian and to gain extraordinary control over the American people via moral disarmament.

Our own tax money is used by DHEW to tell us that religious inhibitions must be shed when they disturb the personality, that those who see a threat from internal subversion are often "paranoid," that children subconsciously hate their parents, that most feelings of guilt must be driven off as the result of unworthy external conditioning, etc., etc. The entire Freudian ethic constitutes a religion, or an anti-religion, and it might be properly suggested that the present DHEW Mental Health adventure is in violation of separation of Church and State.

Certainly, everyone regards mental soundness as a blessing. But, it does not follow that everyone must regard Freud as a hero or must consider justified the granting of absolute power to the Freudians.

ITS METHODS

"Ring the bell for Mental Health." The drive is on to have us all hoist our ids high on the flag-staff of One Worldism for the champions of bureaucratic, internationalistic centralism to cure us of religion and patriotism. Benevolent reticence on our part presents a challenge to the Mental Health people. So, they turn to school children.

Children are less likely to take exception to the importunities of the Freudians and are more apt to accept without challenge their doctrine of moral weakness. Questionnaires and pamphlets pour into our schools, therefore. The questionnaires have their inquiries phrased in such a way as to suggest certain attitudes and conclusions to the students. The pamphlets are elementary courses in Freudian psychology.

When we attack the school questionnaires, we are NOT fighting valid I.Q. or Aptitude Tests. Rather we are opposing so-called Psychological Testing in the schools. These psychological research surveys, with their probing inquiries, are very similar to those used on children by the Reds in North Korea and China. It is time to inform every student that he should not answer any questionnaires including references to religion, home life, sex attitudes, political exposure, and the like. It is time to inform every parent that unauthorized psychological tests are illegal. Experimental probes into the minds and souls of our children are dangerous; especially so when we consider the moral policies of those who formulate the questions and accumulate the information. When young people fill out these tests, they expose themselves to Freudian inferences and they supply all the information necessary to an enemy planning to brainwash a generation.

An example of the Mental Health pamphlets designed to "help" our young people is "How to Live With Parents" by Gladys Gardner Jenkins and Joy Neuman. It is one of many published and distributed by Science Research Associates, Chicago. This pamphlet tells students that they must not feel guilty over the urge to rebel against parental authority: "Revolt against parental ties and authority is a very natural thing for young people, and a healthy sign that they are beginning to mature."

After reading all the solutions given to young rebels -- "understand the problem," "talk things over," "adjust to the situation" -- we can only wonder what happened to the best solution of all, "Honor thy father and thy mother."

"How to Tell Your Children About Sex" by James L. Hymes of the California Society for Mental Hygiene has been distributed to parents at P.T.A. meetings. This gem of Mental Health ad-

vises that pre-school (ages 2 to 5) children be given complete descriptions of the procreative act. And it concludes, "You may worry that, once children know, they will want to play out intercourse. Some experimentation may go on ... some trying out is a very human characteristic." God's Commandments have some answers to this, too, but we hesitate to quote least they take us all away for shock treatments.

The great subversion of American morals is being intensified. Children are the victims, we are the financiers, and Mental Health is the front organization.

ITS HISTORY

Hon. Usher L. Burdick of North Dakota spoke in the House of Representatives on June 13, 1957. He quoted a speech of the late head of the Russian Secret Police, Lavrenti P. Beria. Speaking at Lenin University to a class of "American," Communist psychiatrists, Beria advised: "You must labor until we have dominion over the minds and bodies of every important person in your nation. You must achieve such disrepute for the state of insanity and such authority over its pronouncement that not one statesman so labeled could again be given credence by his people. You must work until suicide arising from mental imbalance is common and calls forth no general investigation or remark."

Thus, Mental Health did its part when Povl Bang-Jensen was found dead on November 26, 1959, in a Long Island park. Two New York psychiatrists volunteered the information the next day that Bang-Jensen was depressed and showed suicidal tendencies. In 1957, Bang-Jensen had written in a memorandum, "... (the Reds) might have decided that it is necessary to risk having me disappear out the window, or similarly, in 'a fit of depression' ... under no circumstances would I ever commit suicide." Notwithstanding the assurances of Povl Bang-Jensen, the psychiatrists succeeded in having their theory popularly accepted.

A more obvious example of the workings of the enemy through Mental Health is found in the story of Robert A. Winston, Captain, U.S.N.R., who wrote a book, *The Pentagon Case*, under the pen-name of "Colonel Victor J. Fox." While employed as a Special Assistant on the staff of form-

er Under Secretary of the Navy Thomas A. Gates, Winston came upon clear evidence of collusion with known Communists by senior U.S. officers on active duty. He submitted a report on his findings. Winston was fired and contradicted, but not until an Assistant to Mr. Gates had tried to hide him under a Mental Health blanket.

The Assistant Secretary called Winston into his office and told him solicitously: "You've been under a great strain lately, and we want to help you. The Navy's Surgeon General, Admiral Hagan, is waiting outside in my car. He'll personally go with you to Bethesda Naval Hospital where you will receive the finest medical treatment they can provide." The offer was turned down, of course. The Surgeon General had never even seen Capt. Winston. Yet, he called on the Captain's brother and diagnosed the psychiatric condition. It was an attempt to have Robert Winston's brother sign commitment papers; the attempt failed. This whole affair was aired before the Senate Internal Security Subcommittee. (The Subcommittee counsel had cautioned Winston: "Don't go near Bethesda Naval Hospital under any circumstances. If you do, they will 'railroad' you.")

During the TV hearings in which the late Sen. McCarthy opposed the Pentagon and Sherman (Goldfine) Adams, the fighting Senator tried to visit Gen. Lawton of Fort Monmouth who was a patient at Bethesda. He was told that the General was under a *mental strain* and could not be seen. Sen. McCarthy himself later died at the Naval Hospital. It was an untimely death, as was that of Sec't. of Defense James Forrestal, in the same institution.

The history written by the Mental Health crowd has been one of subversion of truth, disregard for human rights, and repeated association with Communist causes.

OUR CONCLUSIONS

We do not say that government has no right to be concerned with the mental welfare of its people. We do say that the U.S. government has no right to allow DHEW to apply tax money for fostering of a philosophy that represents nothing in our traditional way of life.

We do not say that parents should run our schools. We do say that schools should TEACH

and avoid the temptation to psychoanalyze students individually or collectively.

We do not say that all psychiatrists are subversives. We do say that those doctors dedicated to curing the mentally ill should hasten to disavow the Left-wing policies and ulterior motives so obviously pursued by many of their state and national organizations.

We do not say that Povl Bang-Jensen committed suicide. We do say that he was murdered.

We do not say that present Sec't. of Defense Gates is a Red agent. We do say that various past actions on his part require lucid, honest explanations if he wishes to command the public's respect and trust once again.

We do not say that Bethesda Naval Hospital is crawling with subversives. We do say that it is a sensitive spot and a fine-tooth investigative comb would be a wholesome thing. (Only lice fear a fine-tooth comb).

We do not say the present Mental Health program has a few defects. We do say the whole program is riddled with dangerous faults serving the purposes of world communism.

OUR PROGRAM

Mental Health fund-drives have great popular support. Repeat the truth about what it is. Disenchant the public.

Attend P.T.A. meetings and suggest that a copy of all non-curricular tests given students be made available for the parents to review. If the motion is not carried, organize a group of parents, enlighten them, and make the proposal a fighting goal. (25¢ a copy: "Christian Guidance vs. Secularism," a critical analysis of psychological methods currently used in schools. Addressed to Catholics, but of universal interest and value. Order from The Wanderer, 128 E. Tenth St., St. Paul 1, Minn.)

Hon. Edgar Hiestand, California Republican, has introduced a bill which calls for Congressional investigation of Mental Health programs. Write to him at the House Office Building, Washington, D.C., in support of this bill, H. Con. Res. 145.

Read and pass along these books: *Brainwashing* by Edward Hunter and *The Freudian Ethic* by Richard LaPiere.

FOOTNOTES

Deputy Commissioner of Mental Hygiene in New York State is Hyman Forstenzer, who was identified as a Communist Party member in a June, 1956 report of the Senate Subcommittee on Internal Security.

Last year, a New York teen-aged drug addict died of hepatitis and the M.D.'s theorized that the condition was introduced into the body by a hypodermic needle. Sen. McCarthy died of hepatitis and he had received many injections at Bethesda. This is admittedly far-fetched, but no more so than the Liberal's conclusion that, since hepatitis may be caused by alcoholism, the Senator drank himself to death.

We might turn waggish with Liberal defenders of Mental Health programs and tell them they see mentally disturbed children under every bed and imagine that our government has card-carrying schizophrenics in high places. "We like the Mental Health people but we can't approve of their methods." No, that will not do for a motto; we don't even like the Mental Health people.

The John Birch Society was organized by Robert Welch in December, 1958 at Indianapolis, Indiana. It is allegedly an anticommunist organization with branches over various parts of the country. Welch has been quite critical of President Eisenhower and his Administration. SAC letter 60-5 calls this organization to the attention of the field and instructs them that any information on their activities should be furnished to the Bureau.

Members of the Society were instructed in their monthly publication to write the Director these letters of congratulations.

Gratitude, is less than adequate to describe the feeling we must harbor toward you, and your organization for your past, and recently, in particular for your report to the House Un-American Activities Committee concerning the communist attempts to capture our American youth!

A reply from you is not expected, I know, however, we are thankful for your help. This help is priceless because of its marvelous reflection of the truth, which in this case is a terrible load to act upon, but frightfully less of a burden than the impending slavery.

I speak as a creature of God, who will be held accountable for his actions; As an American Citizen with further responsibilities, and as a member of the John Birch Society which may prove to be a powerful means of fulfilling the latter.

Thank you Sir

I have received your letter of September 27, 1960, and appreciate the concern which prompted your communication.

Although I would like to be of service to you, it is not possible for me to comment on the affirmative statement regarding communist influence set forth in your letter since I am not aware of the full context of the speaker's remarks. Certainly, it is true that the world-wide communist movement is zealous in its desire to increase its influence in our affairs and seeks every opportunity to further its ambitions. Its lack of success in the United States is directly attributable to the effectiveness of our internal security programs and determined opposition of our patriotic organizations and churches as well as the steadfast loyalty of American citizens in all walks of life.

In view of your interest, I am enclosing some material concerning the general subject of communism which you may like to read.

Sincerely yours,

Today, I had the privilege of viewing a
film showing the riots of Last May at
the HCUA hearings in San Francisco.

The man who presented the films made
a statement that seemed to shock many
of the people at this gathering.

He stated that the communist influence
in the United States now amounts to
from 40 to 60 per cent. He gleaned
this information from a booklet "American
Opinion" edited by Robert Welch. 7/6/60.

My purpose in writing to you is simply to
ask if you are in a position to verify the
above figure.

Sir:

I wish to thank you for your dedication to our country and its citizens.

I have recently obtained copies of your report, "Communist Target-Youth", and I consider it a superb report. I have seen the film "Operation Abolition" and your report supplements the shocking evidence clearly visible in the film.

Our P.T.A. is going to show the film in January and I hope to have enough copies of your report by then to circulate to all of its members. Despite the continuous efforts being made to discredit you and the F.B.I. I am confident most people will be more deeply aroused by the action in the film after reading your report on it.

As a member of the John Birch Society I am at your service. If you have any advice or task for us please feel free to contact us.

With deep respect,

On 9/9/60 [redacted] Wheeling, W.Va., whose identity should be concealed, advised SA WARNER G. MAUPIN that a week or so before that a Mr. [redacted] at Hoge-Davis Drug Store, Main St., Wheeling, W.Va., inquired about a room in the City-County Bldg, at Wheeling, for a meeting of the John Birch Society, and extended an invitation to him to attend; that he named a group of people who were supposed to be nationally known who were members of the Society, the only one of which he could recall was ADOLPH MENJOU; that Mr. [redacted] said it was an anti-Communist organization to acquaint the American people with the peril facing them; that he said he had also invited Judge MC KEE of the Ohio County Intermediate Court to attend as well as a couple of Wheeling City Councilmen; and that he referred Mr. [redacted] to Judge MC KEE for use of his court room for the meeting which was to be held some time the following week.

On 9/15/60 Mr. [redacted] advised that the meeting was held in the Intermediate Court Room on 9/14/60, but he did not attend.

On 9/15/60 Mrs. [redacted] Wheeling, W.Va., who is a prominent clubwoman in the city and who has previously contacted this office on several occasions to furnish nonspecific information, advised SA MAUPIN that she had attended a meeting of the JOHN BIRCH Society in the Intermediate Court Room in the Wheeling City-County Bldg, on 9/14/60, which was not public and attended by invitation to about 100 people of some prominence in clubs, PTAs, and other city groups. She said the meeting was ostensibly anti-Communist and Mr. [redacted] was the Chairman and introduced a DOUG HEINSON of Sevierville, Tennessee, as the main speaker. She also advised that Mrs. DOROTHY FRANKSTEN, Wheeling, National President of the Minute Women of America, seemed to be one of the promoters of the Society. She said THOMAS SWEENEY,

She said she had joined the Society in good faith with the understanding that it was not un-American in any way and was actually anti-Communist.

The Wheeling City Directory lists a [redacted], Wheeling, as [redacted] of the Hoge-Davis Drug Co., Wheeling. It is noted [redacted] was formerly an admitted follower of WILLIAM DUDLEY REILLEY and was subject of investigation by this Bureau in 1941. *PELLET*

On 9/19/60 [redacted] former NA from Wellsburg, W.Va., and presently in charge of [redacted] at Wheeling Steel Corp's plant at Yorksville, Ohio, telephonically contacted the Wheeling, W.Va. RA and made an inquiry concerning "The John Birch Society." He stated that invitations were sent out to residents in this area to attend a meeting of this organization in the City-County Building, Wheeling, on 9/14/60. He said that he was one of approximately 100 persons who attended this meeting. He said that many of the more prominent residents of this area attended the meeting, including Judge MC KEE. *b6 b7C*

[redacted] said that the meeting was presided over by a young man whose identity he did not learn. He said that the Communist Party and its functions were discussed and the purpose of the meeting was to form a local chapter of the society to combat Communism and its underground activities. He said that applications were furnished those in attendance. He asked if he should execute an application in order that he might follow the activities of this organization and he was told that this was up to him, that this Bureau could not advise him one way or the other.

On 9/26/60 Mrs. [redacted] advised that she had received a membership card showing that she was a member of Chapter 20 of the John Birch Society and that the Chapter leader was [redacted] Wellsburg, W.Va. She said she was told that she would be notified of the next meeting. She said she would advise this office of any further developments in connection with her membership in this Society.

NOTE: Bufiles contain no references to Mrs. [REDACTED] Surname spelling verified by telephone directory.

Bufiles contain numerous references to the John Birch Society and there have been similar inquiries in the past. Although this organization was brought to the attention of the field by SAC letter 60-5 which instructed them to furnish information concerning their activities to the Bureau, it has not become the subject of any Bureau investigation. The John Birch Society was ~~founded~~ by Robert Welch in Indianapolis Indiana, in December, 1958. It is allegedly anti-communist with branches over various parts of the country. Welch reportedly has stated that the Society may take on the appearance of a front organization in order to attract true subversives. Welch has been quite critical of President Eisenhower and his administration.

Dear Mr. Hoover,

I recently attended a seminar, "Education for American Security" held at Glenview Naval Air Base, Ill. and was more concerned than ever with the need for patriotic Americans to become better informed and to act against growing Communism in this country.

After seeking a way to organize and coordinate our efforts in order to be more effective, a group of us in this area were made aware of just such an organization already in existence. It is called The John Birch Society and was founded by Robert Welch in December, 1958.

I am sure that the FBI is well informed on all such organizations, and I would appreciate, at your earliest possible convenience, your stamp of approval, if possible --- if not, then your honest appraisal of it. We are anxious to serve our country to the best of our ability, and feel the need to reverse the trend towards Communism.

Dear Mr. Hoover:

I have just finished reading a reprint of your article
"Communist Illusion and Democratic Reality". I am rereading
your book "Masters of Deceit".

As a member of the John Birch Society, headed by Mr.
Robert Welch of Belmont, Massachusetts, I have lately
become more aware of the internal as well as the external
threat facing our nation.

I recently received this pamphlet in the mail from
Congressman James B. Utt. I know we have an extremely
serious situation but I do not believe we can go "hog
wild" about it or adopt the methods of our Communist
"peace lovers". If it is not prohibited could you let
me know about the Cinema Educational Guild and the
people listed on this sheet? I have very little doubts
about such people as Stanley Kramer and Frank Sinatra
but are the others merely misguided dupes or could it
be worse?

It is noted that members of the John Birch Society were instructed in their monthly publication to write letters of congratulations to the Director concerning his report, "Communist Target--Youth." The John Birch Society is allegedly an anti-communist organization with branches throughout the country. Dear Mr. [Redacted]

Your letter of October 11, 1960, has been received, and the interest which prompted you to write is appreciated.

Although I would like to be of assistance, the FBI is strictly an investigative agency of the Federal Government and does not furnish evaluations or comments concerning the character or integrity of any individual, publication or organization. I can tell you, however, that this Bureau has conducted no investigation regarding the organization about which you inquired. Therefore, I am unable to be of assistance to you. Please do not infer that this is either a clearance or nonclearance of the organization.

May I point out that this Bureau does not maintain or publish a list such as you mentioned in your communication. It is suggested that you contact the Subversive Organizations Section, Internal Security Division, United States Department of Justice, Washington 25, D. C., from which you can obtain a list of the organizations cited by the Attorney General of the United States. You may be able to locate in your public library a copy of the "Guide to Subversive Organizations and Publications," prepared and released by the Un-American Activities Committee of the United States House of Representatives.

In view of your concern regarding the menace of communism, enclosed is some material dealing with that subject which may be of interest.

I was recently approached by a doctor in our city to attend a meeting of a group of individuals in the doctor's home. The group called themselves a chapter of the John Birch Society. From what I have been able to find out about this John Birch Society, they are staunch Conservatives, who are dedicated to preventing further centralization of the Federal Government and combating the threats of communism and preserving our American heritage--freedom.

Unlike too many Americans, I am greatly concerned with the Communist threat to our national security and am anxious to do whatever I can to fight this movement. After reading your book, Masters of Deceit, I have a better understanding of the problems we face and direct your attention to your discussion on page 241 of Communist-front organizations and how they may be detected.

Until I was approached by this doctor, I had not heard of the John Birch Society and its founder Robert H. W. Welch, Jr. After attending a meeting and reading some of their literature, I wanted to know more about this organization before joining this group. I made a personal visit to our local F.B.I. office to inquire about the people who are backing the society and their loyalty to our country. The agents were very considerate but not very helpful. They said that they had heard of such a movement starting here but knew nothing about it. Mr. Hoover, they didn't even have a list of un-American organizations in their office. I did find a loyalty oath form dated 1956 at the Naval Reserve. It is my understanding that the John Birch Society has only been in operation for a little over two years.

Please advise me at your earliest convenience as to the position the Federal Bureau of Investigation holds in regard to the John Birch Society and Mr. Robert H. W. Welch, Jr. If this group is in any way

I was invited last evening to see a movie and hear a talk by the representative in Houston of the John Birch Society. On the surface, it seemed to be an organization which was wholly dedicated to fighting communism in every way possible from the standpoint of Democratic process.

It seemed on the surface to be a worthy organization to join and follow; however, so many unworthy organizations are masked on the surface with good intentions. Several of my neighbors attended this meeting last evening and were interested in the talk in the movie given by a Mr. Robert Welch of Indianapolis.

Before I join this organization, I would like to know from the F. B. I. of whether this Society has been investigated, whether it is a worthy cause and truly anti-communistic.

Will you please send me any information concerning any investigation of this Society as to whether it is a communist front using adroit methods of a membership drive.

Thank you.

Dear Sir:

We have just joined the John Birch Society and are very impressed.

In trying to get new members, tho, we are constantly asked "Are you sure Mr. Welch and his associates have been investigated and approved by the F.B.I. This may be communism in it's most insidious form."

✓ So I am writing to ask if they have been investigated. And we will appreciate any information you may have.

Mr. Hoover, I would like to thank you from the bottom of my heart for all you are, and for all you have done, through the F.B.I., for America.

We have talked to a lot of people. And when you say "well, who would you trust." Everyone has said "I trust Mr. Hoover and I trust the F.B.I." And we feel the same way.

Mr. Welch has suggested that we write Mr. Nixon to appoint you Atty. General, if he is elected. Do you want us to do this? Will you be needed there more?

the American people are so anxious to do what is right. But they are confused. If we can trust Mr. Welch & the John Birch Society, this, I think, will help. But people want to be sure.

thank you for reading this. I hope you will have time to answer.

I am just an ordinary wife and mother. But one million of us, going in the right direction, might save America.

So I am writing to ask if they have been investigated. And we will appreciate any information you may have.

Mr. Horner, I would like to thank you from the bottom of my heart for all you are, and ^{for} all you have done, through the F.B.I., for America.

We have talked to a lot of people. And when you say "well, who would you trust."

Everyone has said "I trust Mr. Horner and I trust the

F. B. I." and we feel the same way.

Mr. Welch has suggested that we write Mr. Nixon to appoint you Atty. General, if he is elected. Do you want us to do this? Will you be needed there now?

The American people are so anxious to do what is right. But they are confused. If we can trust Mr. Welch & the John Birch Society, this, I think, will help. But people want to be sure.

Thank you for making

This. I hope you will have time to answer.

I am just an ordinary wife and mother. But one million of us, going in the right direction, might save America.

In the last Bulletin from the John Birch Society, Mr. Welch says that Dag Hammarskjöld is an agent of the Kremlin. This has shocked a lot of people.

Any help from the F. B. I. on the John Birch Society, or Mr. Welch, or his associates,

would be appreciated? — I am
a dedicated member, but we
must grow to be effective.

Thank you, again, for
everything you have done ^{for} what
you mean to the American
people.

Sincerely,

SAVANNAH, GA.

Dear Sir:

I am writing for information regarding The John Birch Society, founded by Mr. Robert Welch in December, 1958.

Recently I had the opportunity to attend a meeting of this Society as a guest of the local chapter. After listening to the lecture, viewing the film that was narrated by Mr. Welch, and studying the literature, it seems apparent that this organization is more than just a discussion group aimed at informing the public of the communist conspiracy, but rather one whose goal is to take definite steps in making their opinions, regarding the constitution and the communist influence in our government, heard in Washington.

For years I have been deeply concerned about communism in America and have always wanted to take a more active part rather than just being well informed and discussing the problem with others. The John Birch Society may give me this opportunity. However, inasmuch as many communist fronts are in existence throughout the United States, I would not want to be a member of any American organization unless I can be sure of its respectability. The John Birch Society does speak out strongly against some past great Americans, calling them "sleepers", which may well be correct if the organization is as well informed and sincere as it advocates.

I would appreciate it greatly if you would give your opinion of this organization and state whether or not it is one of which an American can be proud to be a member.

May I say that I enjoyed your book "Masters of Deceit" and have encouraged all my friends to give it their immediate attention.

Dear Mr. Hoover:

May I heartily commend you for your recently published report entitled Communist Target--Youth. Americans need such factual information to awaken them, in time, from the deadly sleep of complacency in the midst of which the Communists are rapidly engulfing our country.

Since I am intensely interested in fighting Communism on every possible front, I have tried to join those organizations which seem most militantly anti-Communist and pro-American. For several years I have been a member of the American Legion Auxiliary and I have recently joined the John Birch Society. Do you recommend these organizations as effective instruments in the fight against Communism?

I have recently learned from an individual who attended the National Civil Defense School, held in Battle Creek, Michigan, that the John Birch Society does not appear on the OCDM list of approved organizations. Is there justifiable reason for this omission? If not, would you please recommend that The John Birch Society be listed with the OCDM?

I have become increasingly concerned about the recent attacks on the House Un-American Activities Committee, made by the National Council of Churches and the National Federation of Reform Jewish Temples. My own minister, a Methodist clergyman, recently astounded me with the opinion that the House Un-American Activities Committee is un-American and should therefore be abolished. He implied that the individuals who have been cited by the Committee as members of Communist fronts are falsely accused, in many cases--that no real proof of their Communist leanings had been offered. In fact, he declared that the Council of Bishops of the Methodist Church had learned, after investigating the tactics of the House Un-American Activities Committee, that John Doe could get his neighbor's name placed in the files of the Committee merely by writing a letter to the effect that the individual was a Communist or a Communist sympathizer. Is there any truth in such a statement? Are any of the current attacks upon the Committee justifiable? Does the F.B.I. heartily endorse the activities and procedures of the Committee? What is the procedure by which the Committee determines the Communist leanings of an individual? I should greatly appreciate an answer to these questions at your earliest convenience.

Since our church is now involved in a controversy over Communist infiltration of religion (our minister says there are no Communists in the Methodist Church to his knowledge and resents any implication of infiltration) I would appreciate any factual information on this subject which you can supply. In addition, and in the same connection, please supply information on the character and activities of the following men:

1. Dr. Carl McIntire, pastor of the Bible Presbyterian Church, Collingswood, New Jersey, and radio speaker on the Twentieth Century Reformation Hour

5. Dr. Edwin T. Dahlberg, President of the National Council of Churches

Is there sufficient evidence to support the charges made against the National Council of Churches in the controversial Air Force manual?

Again, may I commend you for your untiring efforts to protect America from internal decay due to crime and subversion. I wholeheartedly offer you my vote of confidence, together with prayers for continued success in your present office.

I shall look forward to hearing from you soon.

Is there sufficient evidence to support the charges made against the National Council of Churches in the controversial Air Force manual?

Again, may I commend you for your untiring efforts to protect America from internal decay due to crime and subversion. I wholeheartedly offer you my vote of confidence, together with prayers for continued success in your present office.

I shall look forward to hearing from you soon.

Your letter of October 6, 1960, has been received, and the interest which prompted you to write is indeed appreciated.

We have enjoyed very friendly and cordial relations with Congressman Rivers. The John Birch Society was organized by Robert Welch in December, 1958, at Indianapolis, Indiana. It is allegedly an anti-communist organization with branches over various parts of the country. Welch has been quite critical of President Eisenhower and his administration. SAC Letter 60-5 calls this organization to the attention of the field and instructs them that any information on their activities should be furnished the Bureau. ReMilet to Bureau 8/3/60 captioned "JOHN BIRCH SOCIETY, Milwaukee, Wis., IS-MISCELLANEOUS."

Relet enclosed an article from Milwaukee Journal, a Milwaukee newspaper, 7/31/60, which alleged the JOHN BIRCH SOCIETY had a branch in Oshkosh, Wis.

Back issues of Oshkosh Daily Northwestern newspaper of Oshkosh, 9/26/60, for a three month period and subsequent examination of issues of that paper through 10/20/60, by SA [redacted] failed to reflect any activity of an Oshkosh chapter have been reported. It was noted the 8/1/60 issue carried an article referring to above Milwaukee Journal article and also quoted COLA PARKER, Neenah, Wis., former president of National Association of Manufacturers and former Board Chairman of Kimberly-Clark Corp., as having "confirmed today" that he is a member of the advisory council of the Society. He is also quoted as saying, "The purpose of the society, he added, is to combat Communism; to say to Mr. KRUSCHEV he is wrong when he says he's going to buy us." No reference was made in this article to the Oshkosh chapter.

On 8/23/60 [redacted] of the Oshkosh Public Museum, telephonically contacted the Milwaukee Office and advised SA GEORGE V. HUEBSCH that among members of the JOHN BIRCH SOCIETY are [redacted] Oshkosh, [redacted] Oshkosh, and [redacted]

The 1958 Oshkosh City Directory lists [redacted] as [redacted] at Badger Lumber Co., Oshkosh, [redacted] of above address as [redacted] at Ben B. Ganther Co., and [redacted] at the Wisconsin Public Service Co.

Correspondent states he is interested in combatting the communist menace and requests information concerning the John Birch Society. He asks if the Director feels that he should join this Society or if the Director can suggest a better way to combat communism. Correspondent expresses his appreciation of the "splendid and courageous" work that the Director has done for our nation. Bufiles contain no identifiable data concerning the correspondent.

The John Birch Society and its founder, Robert Welch, have not been the subjects of an investigation by the Bureau. Dear Mr. Hoover:

I am interested in actively participating in a non-political organization stressing conservative political and anti-communist actions. Would you please advise me if the "John Birch Society" (305 Concord Avenue, Belmont, Massachusetts) meets those qualifications. Have you any reason to suspect communist infiltration or subversion of that organization, or any pro-communist intentions of its founder, Mr. Robert Welch?

Further, do you know of any reason why patriotic American citizens should hesitate to join such a society? Can you suggest a better way for individuals to combat the Communist menace that threatens our country?

May I also take this opportunity, Mr. Hoover, to express my sincere appreciation of the splendid and courageous work that you have done for our nation.

Yours very truly,

Mr. J. Edgar Hoover,

Dear Mr. Hoover:

I have taken this opportunity to write you because I feel if any one person in the United States is qualified to comment on Communism in the U.S. you most certainly are without equal.

My wife and I have recently joined a Cardinal Mindszenty study group to become better informed on the Communist threat to us. We are frankly scared, appalled, and outraged by the facts we are discovering about Communism. We both feel this study group is only the 'Door-opener' to taking a more active part in the fight against Communism. Our problem is that being young, Catholic, patriotic, Democrats, we want to direct our energies into the most effective channels.

The 'John Birch' Society here in Milwaukee is praised by a few as an effective Anti-Communist organization and lampooned by many; including the Milwaukee Journal, as being a crack-pot group of 'far right radicals'. What Sir, is your opinion of the John Birch Society? Do you consider it an effective or ineffective means of combatting communists?

We are parents of four young sons and feel very strongly about doing all that we possibly can to insure the future freedom of our boys.

We sincerely hope you will be able to advise us.

Yours very truly,

I hope you won't mind my taking your time for a personal inquiry. Some of my friends are members of the John Birch Society which has its headquarters in Belmont, Massachusetts.

As nearly as I can determine, the conservative anti-communist ideas held by this organization coincide with my own; however, before attending a meeting and becoming affiliated with the group, I wanted to check directly with you and obtain your personal evaluation of their aims and purposes.

Thank you for your time and consideration.

Dallas, Texas, advised that two acquaintances of hers, whose names she declined to mention, are associated with the JOHN BIRCH SOCIETY. She reported this group was supposedly anti-Communist and from what she knows of the organization they are "against everything." She stated the group did not offer any constructive ideas and criticized the government. She said the group claimed that the Americans for Democratic Action was run by Communists. Mrs. [redacted] said that one of the unnamed acquaintances had subscribed to a newspaper known as "Human Events" which Mrs. [redacted] described as a publication which criticizes everything but offers no remedies for the things in our government it opposes. By way of background information concerning the JOHN BIRCH SOCIETY in Dallas, Mrs. [redacted] Dallas,

Texas, has advised she attended an organizational meeting of the JOHN BIRCH SOCIETY which was held at [redacted] Dallas, on 6/28/60. As a result, Mrs. [redacted] was placed on the mailing list and was mailed a pamphlet entitled "American Opinion" which was critical of the government in various ways, including the farm policy. She remembered that one of the topics was entitled "How Christian is Christian Herter," and criticized HERTER's policies as Secretary of State. The society espoused Senator BARRY GOLDWATER of Arizona for President, and claimed to be an anti-Communist organization, she said. Mrs. [redacted] stated that TOM HILL is the co-ordinator of the JOHN BIRCH SOCIETY in Dallas, and shows motion pictures and runs tape recordings for the various groups comprising the society. The Dallas area is broken into small groups which she compared with church circles, with HILL being the overall co-ordinator of the society in the Dallas area. At the meeting Mrs. [redacted] attended, the co-ordinator stated the JOHN BIRCH SOCIETY has 5,000 members in the U. S., and has a goal of 1,000,000 members. HILL stated that only 1,000,000 members would be effective because that was about the number of persons who could understand the motives of Communism. She stated that they have a seminar which lasts for two days at which time they run tape recordings lasting from 16 to 18 hours and a movie is shown for about three hours.

Dear Sir:

I know that you and your staff are very busy, but I would appreciate it if you could give me some help. From what little I know about the subject we must all do what we can to stop the alarming spread of Communism or it will be too late for us or our children.

Over the last two months I have seen a film "Communism on The Map" put out by Harding College of Searcy, Arkansas. The film was provided by "The John Birch Society". The film and the society have now come under considerable attack from several sources, such as the faculty at our municipal university and the Air Force Reserve unit of which I am a member had come up in the discussion a sharp challenge from some of its members.

To me the film was excellent showing the history of the spread of Communism. Also from what I know about "The John Birch Society", they are making an effort in the right direction. I am not a joiner by any means, but I have joined this organization.

Would you say I have placed my allegiance in a wrong place or is this the usual attack that can be expected when any opposition is given to Communism? I have found no other organized effort against Communism in which a member of the public can participate. Many people see the danger and do not wish to sit and twiddle their thumbs while the communists take us over.

Your help would be appreciated.

Sincerely yours,

NOTE CONTINUED..... The John Birch Society was organized by Robert Welch in December, 1958, at Indianapolis, Indiana. It is allegedly an anticommunist organization with branches over various parts of the country. SAC letter 60-5 calls this organization to the attention of the field and instructs them that any information on their activities should be furnished to the Bureau. Correspondent inquired about the John Birch Society and gives information concerning one of the local meetings he attended.

Dear Sir,

I would like information regarding "The John Birch Society,
Belmont 78, Mass.

Several weeks ago I was invited to a meeting at my brother
John's house, along with twenty or so other people. We were told we
would receive information on how to fight Communism on the home
front. Most of us attending are connected with some kind of business
or trade in town in which we come in contact with people every day.

The meeting consisted of several reels of film being shown by
a Mr. Thomas N. Hill, a paid worker for Mr. Welch, head of the
John Birch Society.

All we saw and heard was Mr. Welch speaking to us on
Marxism, Leninism, etc. and other aspects of communism.

During changes of reels I questioned many statements and
inuendos made in the films. None of them were answered to my
satisfaction by Mr. Hill.

Here are a few examples:

Mr. Welch claimed that Mr. Truman and Jack Kennedy
supported communism in Algeria. When I asked how, I was told they
had supported free elections in Algeria just as we are fighting for the
world over. Mr. Welch had already stated in the film that they were a
small minority in the country so I could not see why he was afraid of
free open elections. He suggested that the "Commies" are working in
great numbers in the pentagon and all other high military areas. The
state dep't. and foreign service is overrun with "Commies." When I
asked later for facts, I received none.

The film connected anything using the word social with eventual
Communism.

It all smacked of Communism by association.

I was finally told that I was not supposed to question or comment
on anything in the film. This I was to find later was a requisite of this

society.

The things that I heard in the last two films aroused my curiosity and anger and prompted me to write to your organization for further information.

Mr. Welsh suggested that we work for the removal of the United Nations from our shores and suggested we withdraw. That we cut back and eventually do away with our Missile program. That we do away with foriegn aid. All this was what Mr. "K." was advocating in the U. N. at that very time and it disturbed me.

We were then asked to join the society and become dues paying members. They amounted to twenty-four dollars per year.

We would receive our material for meetings directly from the headquarters each month. They would be read but could not be questioned or discussed at the meeting. You follow them implicitly or resign. We were told that our next two leaders had already been chosen in case of Mr. Welsh's death. That is when I had to leave.

I sincerely hope I am 100% wrong about this way of fighting Communism. Giving up rights of discussion and questioning directives is not fair in any society. The similarity between what they are fighting and their own program came too closely related for me. That is why I finally decided to clear my mind and ask your help.

On 11/5/60, Mr. ROBERT WELCH, 8 Hamlin Lane, Wilmington, Mass. telephonically advised that on that date his wife received a phone call from Western Union advising that Western Union had a telegram addressed merely to ROBERT WELCH, Melrose, Mass. The Western Union employee, unable to locate anybody of that name presently living in Melrose, learned that Mr. and Mrs. WELCH of Wilmington, Mass. had formerly resided in Melrose.

The telegram read as follows:

"Conservative group indicted and arrested for exposing Socialist record of candidate for State Office. JBS members in group could back-fire against leftists. Advice from headquarters needed. Signed [redacted]"

(PORTLAND, OREGON)

It appears that the "JBS" in telegram may refer to "The John Birch Society" organized by ROBERT H. WELCH, JR. of Belmont, Mass. in December, 1958, and that possibly the telegram was meant for this individual.

Correspondent, a minister, requests information concerning the John Birch Society and the National Council of Churches. He specifically asked if the John Birch Society is sanctioned by the FBI and about the extent of communist infiltration into the National Council of Churches. He also asked if the Director can recommend specific books on the subject of communism.

For a number of years allegations have been made by a number of people, including some clergymen, to the effect that the National Council of the Churches of Christ (NCCC) has been infiltrated by communists. Although we have never conducted investigation of the NCCC as such, we have kept abreast of the efforts of the Communist Party, USA, (CPUSA), to infiltrate this organization through our over-all investigations of the CPUSA and communist efforts to infiltrate mass-type organizations. It does not appear from the information we have developed that the CPUSA is dictating the policies of the NCCC today. (100-50869)

The John Birch Society and its founder, Robert Welch, have not been the subjects of an investigation by the Bureau. Welch and his organization have been very critical of President Eisenhower and his administration. The John Birch Society is allegedly an anticommunist organization with branches throughout the country. (62-104401)

Dear Mr. Hoover,

ALL INFORMATION CONTAINED

DATE 12/1/94 BY SP-6 BJA/MR

I have recently come in contact with members of the John Birch Society which purports to be organized for the purpose of fighting communist infiltration in the United States.

Some of the claims and accusations which they make are alarming to say the least.

I am seeking, in so far as it is possible, to try to find out whether they are honestly presenting evidence which has been uncovered by agents of the United States Government or whether they are themselves a front organization for some other purpose (such as anti-United Nations, or anti-integration.)

I would greatly appreciate any information which you could send me regarding the John Birch Society - i.e. does it have the sanction of the Federal Bureau of Investigation?

I would also appreciate any information which you could send me regarding the extent of communist infiltration into American Churches and the National Council of Churches.

In reading through your article in the October 24th issue of "Christianity Today" you urged the formation of discussion groups to acquaint church people with the dangers of communism. Could you recommend any specific books or pamphlets which might be used for such discussion groups? The type of thing which I am specifically seeking is source material which is as free as possible from extraneous motivations - for example a recent anti-communist speaker in this area took the position that the Revised Standard Version of the Bible is communist infiltrated - the speaker was a Baptist minister who personally objects to the RSV translation in Isaiah where the word young woman is used rather than "virgin" as it reads in the King James Version.

Knowing that he was fighting a personal theological battle over the translations left doubt as to the validity of his original premise.

I know how difficult it is for any author to separate his own personal convictions from his thinking, that is, how difficult it is to truly approach a subject from a totally objective point of view. Are there any books which deal with the menace of communism which are straight-forwardly objective in their approach? I would greatly appreciate knowing of any which you would recommend.

Sincerely yours,

The most recent inquiry was one on 10/7/60, from [redacted] American Legion, Portland, who advised that his organization was in receipt of a letter from Mrs. [redacted] in which she said that The John Birch Society recently had been holding meetings in Florence and had requested the use of the American Legion building for the meetings. [redacted] said that inquiries had been made concerning the organization, as to its goals and motives.

Correspondent inquires whether "The Southern American" is subversive. She states if this is a subject the Director is not at liberty to discuss, perhaps he would ask Mr. [REDACTED] of the House Committee on Un-American Activities, to look at the publication and if he has any information on it, to send such information to the correspondent. Correspondent states that the publication was sent through the organization "Western Minute Men, USA." Correspondent states that if the publication is not subversive, to please return it to her. She enclosed a copy of "The Southern American" pointing out it mentions the Director in a manner which she finds distasteful. The item she refers to states, "It's strange that Mr. Hoover always persecutes patriots trying to save our country, but never sees any of the criminals who work around the clock to destroy us all; maybe, even Mr. JEH."

Bufiles disclose that by letter of 8-29-60 correspondent indicated she is a member of an anticommunist organization. Her letter made kind remarks concerning the Bureau. It enclosed a rambling letter she sent to Vice President Nixon setting forth her opinion as to why we should maintain the loyalty oath. A cordial acknowledgment was sent to her with material on the subject of communism.

"The Southern American" is published under the auspices of the National Patrick Henry Organization, Inc. This organization has been the subject of a Bureau investigation and Atlanta was office of origin. The investigation was closed in 1956 in view of lack of activity of this organization. It had been organized during the Fall of 1946 as a society to fight communism; however, since its founding, its activities indicate that its anticommunist attitude is merely one phase of its hate tactics in that many pamphlets are anti-Jewish, anti-Masonic and anti-Negro. Bufiles contain no pertinent information concerning "Western Minute Men, USA."

Enclosed you will find a publication which was handed to me to read. I checked this in "Guide to Subversive Organizations and Publications" which was revised and published as of January 2, 1957, but could not find it listed. One particular reason for my inquiring into this publication is the fact it mentions Mr. Hoover in a manner which I find distasteful. This paragraph is outlined in green, by me.

b6
b7C

Would you, if possible, let me know the standing of "The Southern American" -- is it subversive? If this is a subject you are not at liberty to discuss, perhaps you would ask Mr. [Redacted] of the HCUA to look at the publication and if he has any information on this to send it to me. I understand this was sent out through the organization "Western Minute Men, USA"

If all is as it should be, would you please return the publication to me.

Thank you for your courtesy in the past.

Sincerely,

I read about your report on July 18, 1960
released in the pamphlet, "Communist Target - Youth."
I have sent for some to use in a senior government class
at the Dowagiac, Mich. high school.

It gives one a quivering ache when your children
say, "Mr. Clark says socialism means progress for the
mass of people. Conservatives are interested mostly in
their own property dollars" - etc. He cleverly says to
make up their own minds but surely glorifies the left
side.

Our girl awakened her class with an oral book
report on your, "Masters of Deceit."

I am grateful for your contribution. It should
mean so much to America.

I hope better solutions to keep local control of
schools will be forthcoming. Our Mich. Superintendent of
Public Instruction is now appointed, not elected. He and the
State Board of Education over-rule County Board decisions
on property transfers, weakening primary districts, also
against legislation defeat of K-12 Bill.

Gentlemen:

I have recently received literature from the John Birch Society, whose office is in Belmont, Massachusetts, the founder of which is Mr. Robert Welch.

I am informed that this organization promotes the formation of John Birch Society Chapters throughout the country, the purpose of which is to meet periodically and discuss matters of interest to the nation and to take action considered in the best interests of the country and particularly in opposition to the growth of communism.

b6

I am considering joining a chapter of the society or organizing a new chapter but before doing so I would like to know that the organization and its purposes have been cleared by your office and found to be truly American in nature and not a communist front organization.

I will appreciate anything you can give me to guide me in my decision to participate in the work of the John Birch Society.

Yours very truly,

Mr. [] stated that he had never met [] prior to his first contact with him in August 1960, and that he does not know how [] obtained his name.

[] stated that [] told him that the purpose of this committee was to seek out subversive persons and activities in the State of S. C. and forward any information obtained to an organization in Washington, D. C. Mr. [] stated that he cannot recall the name of this organization, but stated that he recalled that [] stated that the organization was of the type that conducted investigations relative to industrial hiring. [] explained to him that he should contact reputable persons in various cities throughout the state and solicit their aid in this committee work. He stated that [] suggested that these persons would have to attend all types of meetings in their respective cities, political, church and social and report any suspicious activities or personages to him, [] who in turn would forward the information to the main office in Washington, D. C.

[] advised [] that he should be very security conscious and that he should keep the identity of his contacts unknown to one another. This committee work was to be done on a voluntary basis and participants would receive no remuneration.

[] furnished [] with the enclosed thermofax organizational chart and the four pages of what appears to be a formal bulletin issued by an "Anti-Subversive" group in Florida. These latter bulletins indicate a mailing address of the organization as "FNB, P. O. Box 1542, Winter Park, Florida."

SV 100-NEW

[] stated that he had no intention of conducting any activity along these lines and had forgotten about the incident until October 19, 1960, when he received through the mail the copy of the booklet, "American Opinion." He stated that the return address on the envelope read:
[] Greenville, S. C."

This booklet is published by Editor ROBERT WELCH, Belmont 78, Massachusetts.

The enclosed issue of "American Opinion" purports to be "A panoramic survey of the degree of Communist influence in each of 107 countries."

[] stated that upon receipt of this booklet, he recalled his contact with [] and decided to furnish the FBI with this literature and information for whatever value it might have. He stated that he does not intend to have anything to do with this organization, and has not had any contact with [] since the initial contact.

b6
b7c

The four thermofax pages of what appear to be a news bulletin of a Florida "Anti-Subversive" group, refer to organizational operations; the possibility of groups renting tape recordings of "Schwartz' Christian-Anti-Communist Crusade," a series which records talks by Dr. SCHWARTZ, RICHARD ARENS and HERBERT PHILBRICK." Bulletin also refers to plans having been made to start a "Florida Red File," in which members are urged to report information on individuals or organizations on 3x5 cards, making two copies of such a card, "(one for the FBI)."

The bulletins also refer to JEROME DAVIS and [] of Clearwater, Florida, who visited the Soviet Union and had a three-hour visit in the Kremlin with Deputy Premier A. I. MIKOYAN.

This literature appears to be the house organ of a "Super Patriot" type of organization.

The above information and enclosures are being furnished the Bureau for information in the event similar information has been received from other sources.

Dear Mr. Hoover:

Recently there has been brought to my attention The John Birch Society, organized about 1959 by one Robert Welch. It professes to fight communism. Your book Masters of Deceit is an eye--opener and has answered some of my questions, but what I should now like to know is how an average citizen like me goes about determining the veracity and reliability of such organizations. We, as a nation, certainly need to unite and actively fight communism, but how does one know when one is really doing the job and when one is being duped into helping the communists?

Our local F.B.I. and Attorney General's office can give me no information concerning this society. Can you?

Very sincerely yours,

He said that one [redacted] Pennsylvania, had called the Pittsburgh Office, stated that he had been in a local flower shop this morning and that one [redacted] (no record Pittsburgh files) was circulating a petition urging that the Director be removed as head of the FBI and made Attorney General of the United States.

[redacted] said that he thought that the petition, which was being directed to President-Elect Kennedy, was being circulated by the Burke Society.

COULD BE
This is undoubtedly the John Birch Society, headed by Robert Welch, wealthy candy manufacturer of Belmont, Massachusetts. This group is subject of Paragraph F of SAC Letter 59-13. In January, 1959, Welch met with a group of leading industrialists in Milwaukee, Wisconsin, lecturing on communism and presented his plan to establish ostensibly communist front groups which, in reality, would be anticommunist groups. Above SAC Letter alerted the field of these plans and instructed the field to promptly advise the Bureau of any information concerning Welch's activities in this regard. Welch wrote a book entitled "The Politician" which came to the Bureau's attention in March, 1959. Only a limited number of copies printed which he has distributed to friends and certain individuals who he believes would be interested in its contents. This book attacks the reputation of the President of the United States, particularly Chapter 9 which is a violent attack upon President Eisenhower.

Attached is a letter from Congressman Westland dated November 2, 1960, which enclosed a copy of a letter from Mrs. [redacted] Bow, Washington, who inquired about the John Birch Foundation. Based on limited information furnished, Bufiles contain no information identifiable with Mrs. [redacted]

We have enjoyed extremely cordial relations with Congressman Westland, and it is believed that he should be confidentially informed regarding the John Birch Society. The John Birch Society was founded by Robert H. W. Welch, Jr., a wealthy candy manufacturer in Indianapolis, Indiana, in December, 1958. The organization is allegedly anticommunist and has branches in many parts of the country.

Welch has been extremely critical of President Eisenhower and his Administration. He has, in the past, gone so far as to even call the President a communist. It is not known to what extent Mr. Welch is able to control his followers; however, it is known that he has a great deal to do with the Society's publications, the construction of their "reading list," and he is the author of the books, "The Politician" and the "Blue Book," which he has widely distributed to his followers. He has endeavored to give the members of the various branches his personal touch by preparing tapes which are played back to the members at their meetings. These tapes have reached 2 1/2 hours in length.

We are not actively investigating this Society, but we have alerted the field to forward any information on their activities to the Bureau. This was done because Welch has indicated that his group may attempt to take on the appearance of a front organization in an effort to attract true subversives.

RECOMMENDATION:

That someone in your office call Congressman Westland and discreetly inform him regarding the John Birch Society and acknowledge receipt of his letter.

Dear Mr. Westland:

There is a great deal of discussion going on around our town, on Communism and how it has infiltrated into such well known organizations as United Nations and the National Education Association. UNICEF is especially condemned. These charges and innuendoes disturb me.

I believe this information or misinformation is distributed by an organization called the John Birch Foundation. These people appear to be sponsored by the American Legion. The speaker at a meeting in the American Legion Hall in Burlington on October 26 was [redacted]. I have just read an article by this man called "Facts About UNICEF." Here in Wichita there is a group of men who belong to the John Birch Society (with which I am sure you must be familiar.)

I personally feel that they are doing a fine job of informing the public about the danger of the Communist menace. The one and only newspaper here, "The Wichita Eagle and Beacon", has allowed them to be smeared by certain other Wichita citizens who have called them many things; the most commonly used term, in regard to them has been "fascistic".

Upon reading your book, "Masters of Deceit" it occurred to me that perhaps I could turn to you for information about this John Birch Society. If you have any such information that would enable me to clear them of these charges and aid them in furthering their work against the Communists, I would appreciate your sending it to me.

Dear Mr. Hoover:

Recently as president of our local PTA unit, it was requested of me to provide time at one of our PTA meetings for a discussion of anti-communist material to be made available by the John Birch Society.

Certainly all of the members of our community desire to fight the inroads of Communism, and we are anxious to cooperate. But in our local paper not too long ago, there was an article about this society which indicated that they felt that President Eisenhower was a Communist, and this gives me sufficient cause to question the validity of this organization.

Do you have any information about this organization or can you refer me to where I can get further details?

It appears that the society was begun in 1958 in Indianapolis by a Bostonian by the name of Robert Welch.

Your assistance would be appreciated.

And because I feel sure my confusion is a state of mind shared by many other sincere, concerned, thoughtful Americans, I am asking you for the answers to several questions--which I hope will enable me to clarify my thoughts. Your department is the only source of factual information on which I can depend--and I hope my faith in your evident sense of responsibility to the individuals of this nation is productive.

Within recent months my concern about the inroads of Communism, which now seem to crosshatch every activity in these United States, has changed from one of passive deploration to active anti-Communist evangelism; on a strictly individual, non-affiliated, basis.

However, I know that no matter how many individuals become aware of the seriousness of the situation--this intellectual conviction without implementing action--is not going to remove any Communists from influential positions anywhere.

So, accepting the personal responsibility to defend one's patriotic convictions with the same dedicated aggressiveness that the Communists show, one begins to look for ways to implement this decision. And one becomes aware that eventually, to be effective, this must become political action.

11 Recently, the John K. Birch Society representatives presented the program of their organization in this area. Frankly I had gone to their first presentation hoping to find an organization through which I could more effectively expend my energies in combating Communism, but my first reaction to their information and theories was that this was way too far at the other end of the pendulum swing. On the basis that it is unfair to form an opinion without information, however, I did take all of their literature--including the Blue Book--and read it carefully. While it was comparable to a teetotaler taking a double shot of straight Scotch--it did make me wonder if they were right in their accusations and methods.

EX 109

In mentioning this organization to the president of the Oregon Congress of Parents and Teachers (I am also a member of the state Board of Managers of this group, and held a similar position in Kansas before we moved to Oregon), I discovered that at the recent Board of Managers meeting of the National Congress of Parents and Teachers, a warning to beware of this group had been issued. I wrote to the National P.T.A. office and asked for the source of their information about the John K. Birch Society, and was sent copies of Jack Mabley's column in the Chicago Daily News for July 25, 26, 30, and September 13.

In these columns, Mr. Mabley denounces "a 302-page, black paperbound book" written by Robert Welch (founder of the Society), titled, "The Politician." Mr. Mabley states that this book "accuses President Eisenhower of treason"... "flatly calls him a Communist, and for 302 pages attempts to document the charge." He further calls the book, "fantastic" and "incredible." In another column he quotes Welch as having written in the September Bulletin (which goes to all members of the Society): "Join you local PTA at the beginning of this school year, get your conservative friends to do likewise, and go to work to take it over." These columns are headed, "BARES SECRETS OF RED-HATERS," "STRANGE THREAT TO DEMOCRACY," "JOHN BIRCH OUT AFTER PTAs."

I have written for copies of both this September Bulletin and the 302-page book so that I can interpret Mr. Welch's statements, particularly concerning the PTAs, for myself; I have questioned everyone I know who has heard of this Birch Society--including a man who ran an R & I check on Robert Welch and said he found nothing suspicious. Now I am asking you: is this an organization that is in disfavor as far as your knowledge is concerned? I know it is in disfavor with socialistically inclined liberals. But I certainly would not want to champion an organization--or align my thinking with it--if it were actually undermining the very tenets I am so stubbornly defending.

There are further reasons for my confusion.

Just three days ago our local paper printed a lengthy article based on your report, evidently just released, about the Communist exploitation and manipulation of youth and student groups throughout the world; in the same issue was a full page announcement of the pamphlet, "Ideology and Co-Existence," printed by the Moral Re-Armament group, which we would be receiving in the mail--followed two days later by my receipt of it.

All of these articles impress any thinking adult with the urgency for action. Because PTA has as its sole concern, so stated in its Objects, the welfare of children and youth, it should be vitally concerned in combating Communism; yet if I stand up at our next Board meeting November 15th and tell our state congress that perhaps they should investigate the charges against the John K. Birch Society before they dogmatically condemn it, I will undoubtedly be thought to be antagonistic to the National PTA, if not worse.*

When Mr. Welch speaks out, even though even in Jack Mabley's words he is "an acknowledged, sincere and rabid anti-Communist," the press writes headlines like those quoted above--which imply that it is something disgraceful, even treasonous, to be against Communism! It almost makes one give credence to Mr. Welch's statement that the press is controlled by Communists.

Another example. In this morning's Oregonian, it is reported that four arrests have been made, on "political-criminal libel" indictments, of persons who are alleged to have issued handbills attacking Monroe Sweetland, Democratic candidate for secretary of state, as being connected with various Socialist and Communist front organizations--which he denies. In reporting these arrests, the Oregonian states, "two of the seven" (indicted) ...are Louise Gronnert, long identified in Oregon as an anti-Communist leader and Claude G. Pike, religious leader who has campaigned against Communism over station KGON."

*--notwithstanding the statement in the Moral Re-Armament pamphlet that one dictate of the Communist party strategy for the U.S. is to put Communists "into neighborhood associations (Parent-Teacher Associations, etc.)."

JOHN R. BOE, M. D.
PHYSICIAN & SURGEON
~~SUITE 315-WING-BUILDING~~
GRANTS PASS, OREGON PHONE GR 6-7747

The dilemma I am trying to outline is this: one of the avowed techniques of Communist brainwashing is to make every man an island within himself--to make him distrust everyone; yet if a person accepts everyone's actions without question and at face value, in good faith, I am sure that person is guilty of not recognizing some Communists--since they are so diabolically clever at presenting a very good face value! Then if one does speak out, and questions the motives and convictions of specific individuals, he is running the risk of being indicted for libel, or at best being considered a fanatic by those who say that "we mustn't allow our fear of Communism to cause us to listen to people who, in fighting Communism, will do more damage to our ideals and our 'democracy' and our wonderful American feeling of 'brotherhood' than would the Communists themselves." *

To further add to my confusion--in a way that, if it weren't so serious, would be hilarious!--I am also the President of the League of Women Voters of Grants Pass, an organization which I am told is infiltrated by Communists at the national level.

/// So I am asking for help. In what way can a sincere and concerned individual be of most help in fighting Communism? How can he be most effective?

Being a devout Episcopalian, I have even discussed the religious aspects of this dilemma with our parish priest. Being the wife of a professional man in a small town, I am concerned with being effective and morally honest without being damaging to my family's welfare. But also, being the 40 year old mother of two teen-aged daughters, I am soberly and vigilantly concerned over the future of this country.

I do sincerely hope you will look upon this lengthy outpouring as being an expression of the baffling confusion that exists in the minds of so many people today, and that you will be able to give some direction to our willing--but baffled--intent.

Most earnestly,

Mrs. John R. Boe
1144 N. E. Beacon Drive
Grants Pass, Oregon

*--and then one wonders if these people, who in a sense actually promote Communism by making the task of the anti-Communist more difficult, say such things with studied intent or through misguided ignorance.

Dear sir,

Recently I have become interested in the John Birch Society. I am wondering if you could give me any information pertaining to the reliability of this group. It is my intention to give as much support and recruiting as I possibly can to some such organization, therefore, I would like to be certain of the intentions and loyalties of any group before joining.

I have read The Blue Book, which seems to have a very positive program, and is of greatest interest to me, but perhaps you know of another organization which is doing more to combat Communism and the increasing Socialism in America. If so, I would appreciate, very much, any information you might give me.

Thank you very much for any comments you might have on any portion of this book, or other information.

Our thanks also for the personal fight you and your organization are making on the Communist menace in our country. Please let us know how we can best help to keep the F.B.I. an effective force.

Sincerely,

RE: JOHN BIRCH SOCIETY

Dear Mr. Hoover:

This short letter of inquiry--from the stand point
of personal interest--is very important.

A group of local citizens have begun to organize chapters of
the "John Birch Society" here. Some of my friends have been asked to
join, and I have been solicited to join. I have written to the Catholic
Freedom Foundation for informtn--They recommend that chapters be
established in local areas--there chapters are designed to do "anti-
subversive" work.

When Sen. Goldwater visited Amarillo, some of those
that are interested ask him if he knew of the Society. I am told he did
know of it and approves of it.

Lately, I have heard some adverse opinions of this
society--That is--in a manner that would make one actually resent
the organization--doubt its motives & distrust its members. Will
you--or one of your personnel--let me hear from you regarding this
organization? Or, if you are not in a position to, or cannot let me
know, will you tell me where I might get information on its members
(those who are organizing the society)

If it can do what I am told it is designed to do, I am
for it 100%--but I need (as do some of my friends) some place to seek
needed information before we get into some thing we might regret.
If you need more information from here, let me know what it would
be, other wise, may I hear from you before their meeting early in
December. I should like to be in a position to make a decision at
that time.

Very Sincerly yours

NOTE: Bufiles contain no information identifiable with correspondent. She enclosed with her letter a slip of paper which appeared to be the masthead of "The Independent American," listing Kent Courtney as publisher and Phoebe Courtney as editor. Bufiles contain no identifiable data of a subversive or derogatory nature concerning Kent Courtney or Phoebe Courtney. He is connected with "The Independent American," formerly known as "Free Men Speak." The publication is allegedly dedicated to the defeat of socialist and communist influences and to promote the cause of individuals and organizations which believe that a political party based on constitutional states rights is the answer to socialism. Neither Courtney nor his publication has been investigated by the Bureau.

The John Birch Society was organized by Robert Welch in December, 1958, at Indianapolis, Indiana. It is allegedly an anticommunist organization with branches in various parts of the country. SAC letter 60-5 calls this organization to the attention of the field and instructs them that any information on their activities should be furnished to the Bureau.

Gentlemen; [redacted]

Last week I caught what I considered an extremely informative and intelligent radio speech by the Publisher of the INDEPENDENT AMERICAN who solicited listeners to write him for more information. This I did.

I had a most cordial letter from Mr. Kent Courtney, Publisher, acquainting me with the JOHN BIRCH SOCIETY which he informed me was a 'national network of tightly knit organized citizen study groups who take political action.' The address of this organization was not given me in his letter but I have requested same.

He also added - 'if you are interested in joining an anti-communist study group I will send you the name of their national organizer.' which I also requested.

As an American Citizen I am interested in promoting the best interests of my country; but I want to make absolutely sure that all the above are dedicated to the same principles and not cover-ups for insidious groups.

Your advise in this matter will be greatly appreciated. Naturally any information I have herewith given you is confidential and I request that my name be kept out of any investigations you may make in checking all the above.

I await your reply.

IN RESPONSE TO YOUR TELEGRAM NOVEMBER ONE EIGHT, THE FBI HAS NOT INVESTIGATED GROUP NAMED. PLEASE DO NOT CONSIDER THIS CLEARANCE OR NONCLEARANCE.

JOHN EDGAR HOOVER, DIRECTOR
FEDERAL BUREAU OF INVESTIGATION

NOTE: The John Birch Society is allegedly an anticommunist organization with branches over the various parts of the country. This organization was founded by Robert Welch in Indianapolis, Indiana, in December, 1958. Our field offices have been alerted to watch its activities inasmuch as its head, Welch, indicated at one time that he thought a group having the appearance of a front organization might be effective in attracting true subversives.

Dear Mr. Hoover:

I am interested in joining the John Birch Society in Amarillo, Texas. After checking into this organization locally, and from all outward appearances this society seems to be working for a good American cause. Please advise me as to the status of this organization, whether subversive or not, as I will not join until I have checked into its activities to the best of my ability.

Mr J Edgar Hoover,
F.B.I.
Washington, D.C.

Dear Sir,

There fell into my hands, from separate sources on almost the same day, the Blue Book of the John Birch Society, Belmont 78, Mass (also their June bulletin) and a reprint of an interview by staff members of the Committee on Un-American Activities with Dr F C Schwarz of Australia on May 29, 1957.

The latter impresses me greatly but seems too long and too technical for general use. Has any brief synopsis of this been issued and circulated?

The ^{Book} Blue/mentioned has many good points but there are some things I cannot go along with; especially criticisms of Dulles, Herter, Eisenhower, Nixon and all of Foreign Aid, also the dictatorial attitude of Robert Welch. Can you give me fuller details of this movement?

I am a Friends Minister, retired, a pacifist (pax - facere) but most definitely not a passivist as some Quakers have become. I am against atheist communism with all my heart.

I am grateful for what you are doing: I have your book "Master of Deceit".

Gratefully yours,
